The Fall of Jericho

The city of Jericho was tightly shut up because of the Israelites outside of it. No one went out and no one came in.

Follow the words around the walls of Jericho and cross out all the words starting with the letters E, J, K and N to read God's message to Joshua.

March around the egg city once jumping with all the king's armed men. Do this nightly for 6 days. Have 7 kicking priests carry ear trumpets of rams' horns in each front of the jeweled ark. On the 7th early day, nervously march around the extraordinary city 7 times, with the excited priests blowing the new trumpets. Just when you hear them sound a long extra blast on the joyous trumpets, have all the normal people give a loud earthquake shout.

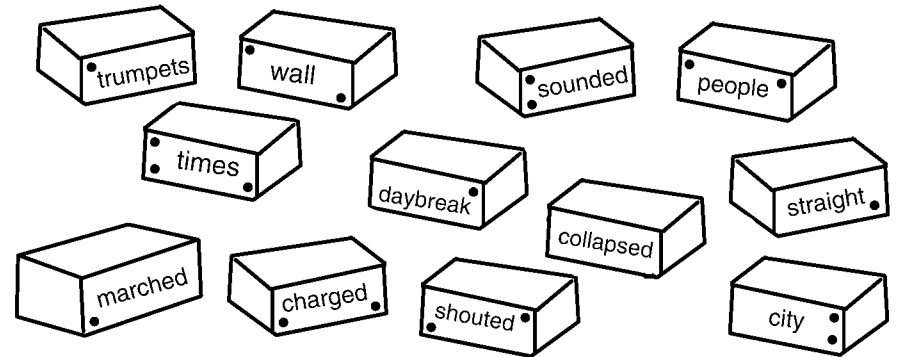

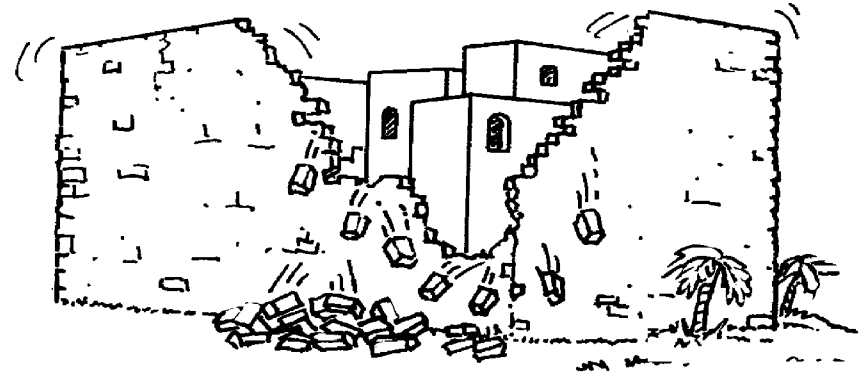

Joshua got up early the next morning and the priests took up the ark of the Lord. The 7 priests carrying the 7 trumpets went forward, marching before the ark of the Lord and blowing the trumpets.

Find and circle the 7 priests and their 7 trumpets.

What happened on the last day that Israel marched around the walls?

Match the fallen pieces of Jericho's wall to those in the sentence and write in the words to read what happened.
